1. Source reports that he has seen three large, detailed blueprints of portions of the city of La Paz which had been removed by Bolivian police from the headquarters of the Partido Izquierda Revolucionario (PIR) in La Paz.
2. These blueprints contained complete details of the streets, alleys, and passageways of the city, as well as the exact location of travel and communication facilities.
3. According to source, these city plans are part of a collection being made by the PIR in order that barricading of streets and sabotage or capture of public facilities may be effectively accomplished when the party so desires.
4. The blueprints seen bore the following legends:

Plano de la Zona No. 2 -- Villa Pabon
Escala 1:2000

Plano Zona No. 10 -- Obrajes
Escala 1:2000
